7/19/85

Dear Bud,

When I read your letter of the 15th asking me to become a member of your Board of Advisers I decided to. Then I read the list of the others you invited and decided not to.

There are some with whom I want no association of any kind.

As a matter of public relations. which appears to be your objective, I think too many are unwise for a number of reasons.

Thanks and best wishes,

Harold
